[THE BEATLES] - JOHN LENNON

VOX GUITAR ORGAN GIVEN BY THE INVENTOR TO THE BEATLES

Vox V251 Guitar Organ prototype (1964), white polyester finish, maple Phantom body and neck, 21-fret polyester-finished rosewood fretboard with diamond inlay, two single-pole pickups, nickel contour bridge, chrome tremolo with engraved signature "Hank Marvin," white scratch plate with "Vox" logo, "Phantom" silver script logo on headstock; 3 diamond inlays gone, ¼ inch ding on bass-side body edge with black tape residue, B-string lacking. Old dark-gray tolex coffin case, black plush lining with chambers for headstock and powersupply (not present); 1 (of 3) latches functional, reinforced with tape. Accompanied by photocopies of two typed letters signed, and a Beatles program signed by John's uncle.

250,000 — 350,000
